ABOUT ME

My name is Sander Van Dessel and I am 22 years old. I am a first year student of Cyber Security Professional @home at Howest. At first, cyber security was not my passion as I had my heart set on game development. But, as my studies progressed, I found out more about so-called 'hackers'. This piqued (tickled) my interest and it has become my passion ever since.

WORK EXPERIENCE

20/06/2017 - 15/07/2017

junior technical consultant

Atsharp

Tasks:

- Development and testing of detailed solutions and prototypes based on the needs of various customers.
- Maintenance, support and further development of software.
- Investigating (urgent) technical issues in the project and ensuring an adequate solution for this Also worked around the same period in 2018 and 2019
